Luxury Powder Ski Package Brings the Helicopter to the Vacation Villa

Resorts West and Powderbird announce private heli-ski package with on-site lift-off

Park City, Utah, November 2013 –Luxury ski home manager Resorts West® and Wasatch Powderbird™ Guides invite guests to ski in the new year with a heli-ski tour through the Wasatch backcountry. The seven-night package features lavish accommodations at “Another World,” a 12-bedroom mountain-top villa on a secluded private lot, a private heli-ski tour for up to five guests, powder ski rentals, and luxurious services, including a Private Concierge.

Utah’s backcountry offers some of the best powder skiing and snowboarding in North America for a remote adventure off the chairlift. Powderbird guides recommend that skiers and snowboarders be comfortable on advanced lift-served runs before trying heli-skiing. An online self-readiness test is available at Powderbird.com.

After a day of enjoying fresh tracks and waist-high powder in the backcountry, guests can relax in the lap of luxury with an over-sized Jacuzzi, steam room, sauna and two après-ski bars. “Another World” also features a stadium-seat theater, two wine cellars, a game room and billiards room. All guests of Resorts West receive private concierge service with the option to add a private chef service, spa treatments, grocery delivery or even reserve a private mixologist to celebrate the New Year.

This package is open to a limited number of inquiries exclusively during the Christmas and New Year holiday. Rates start at \$27,750 per person based on five guests and include seven nights’ accommodation, a four-hour heli-ski tour and gear rental.
